

**ENTA Nanotechnology Policy and Planning Meeting
14th March, Brussels**

Scotland Europa (just at Rond Point Schuman)
Scotland House – 8th Floor Conference Centre
Rond-Point Schuman 6
B - 1040 Brussels, Belgium

Agenda:

10:00 Welcome Coffee	30 Minutes
10:30 Start of Morning Session:	
Introductions and Handout of FP7 update	15 Minutes
Update on REACH – Maciej Baranski from DG Enterprise and Industry	30 Minutes
Discussion: * nano guide lines * preparing for 1 June 2007	
Paul Borm (Magnamedics and NanoTox BV) - Tox testing strategies for nanoparticles	30 Minutes
Discussion: * Implications for FP7 and REACH * Life science applications	
Dr. Antje Grobe (University of Stuttgart)	30 Minutes
New data form research on risk perception and risk evaluation Results of the German expert-delphi on nanotechnologies (food, cosmetics, textiles and surface applications), survey on best practice of risk management in small and medium sized companies.	
Discussion and brainstorming	30 Minutes
12:45 Lunch	45 Minutes
13:30 Afternoon Session:	
Prof Josè Kenny (University of Perugia) –	30 Minutes
Life Cycle Analysis and application to polymers, composites and nanocomposites including case studies related to different industrial sectors. Discussion: * Requirements from Industry	
Thomas Epprecht (Swiss Re) –	30 Minutes
Risk assessment/management from an insurance perspective including some respective policy aspects Discussion: * Respective views from Industry and the Commission	
Volker Türk (Wuppertal Institute and Nanologue Co-ordinator)	30 Minutes
Discussion: * Europe-wide dialogue on social, ethical and legal impacts of nanotechnology * Recommendations, opinions and scenarios	
Discussion and brainstorming	30 Minutes
Closing remarks, AOB, DONM	
15:30 Departure Coffee	

Map and Directions:

By Road:

There is direct access by car to the Brussels Ring, and motorways E19 and E40.
Follow signs for center/centrum
Go through the tunnel and continue straight ahead signposted Rond Point Schuman.

By Air:

FROM ZAVENTEM AIRPORT

20 min by taxi or 45min by bus (bus 12).

More notes can be found at http://www.biac.be/to_from_airport/

By Public Transport:

The building is next to the underground (Schuman) offering easy access to the main train line (Central railway station Brussels) and TGV services, as well as to the airport, by train (via Central Railway station).
